1. On 4 May, the Artillerie Kaserne west of Leipzigerstrasse, Altenburg (N 51/K 27), was occupied by between 200 and 250 troops wearing red-bordered black epaulets. Source determined that one building was vacant, with billeting equipment assembled in several rooms. Individual rooms of three other buildings were occupied. The only activities observed were sports and guard duty.
2. On 4 May, the Infanterie Kaserne east of Leipzigerstrasse was occupied by about 650 troops wearing red-bordered black epaulets. The quarters were occupied during the evening hours, but source had the impression that the number of personnel stationed there had decreased. Small groups up to 20 troops were seen practicing without arms in the barracks yard, and there also was much sports activity. Motor vehicles seen at the installation included

25X1A [redacted] Comment. This information indicates no change in the occupation of the barracks installation west of Leipzigerstrasse in Altenburg until 4 May since previous information by other sources in April. The decrease in the occupation of the installation east of Leipzigerstrasse appears plausible inasmuch as an other source, on 29 April, reported that the 33th (?) Army AT Arty Brig of the Eighth Gds Army left Altenburg by truck.
